PETITION TO WITHDRAW HOLDING OF ABANDONMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This communication is responsive to an apparent constructive Abandonment of the present application. A Notice of Abandonment may have been mailed by the office but has not been received by the present firm, presumably for the same reason the most recent Office Action was also not received. This petition is being filed under 37 C.F.R. 1.181 as a petition to withdraw a holding of abandonment based on failure to receive the most recent Office Action.

I hereby certify that a most recent Office Action, presumably having been mailed subsequent to the Office Action of August 16, 2005, was not received by the present firm and that the file jacket has been searched. A copy of the docket entries page for this matter is included herewith and shows that the most recent Office Action has not been docketed.

It should also be noted that the correspondence for this matter has been and apparently continues to be addressed to a previous firm despite a power of attorney with change of correspondence address that was filed and received by the Patent Office in August of 2004. A copy of this correspondence including the return receipt postcard with the stamp from the OIPE is included herewith. The Office Action at issue was likely

addressed to the previous firm but was not received from the previous firm by the present firm for whatever reason. It is not known whether the Office Action was actually received by the previous firm.

In addition to requesting that the holding of abandonment be withdrawn, the undersigned further requests that the present application be associated with the customer number **45695**.

No fees are believed due. However, please charge any additional fees or credit any overpayment to Deposit Account No. 50-3025.

Respectfully submitted,

Date: November 29, 2007
